To Whom It May Concern,

RE: APPLICATION FOR ATTACHMENT PLACEMENT

Dear Sir/Madam,

I am a Bachelor of Science student in Computer Security and Digital Forensics at Jaramogi Oginga Odinga University of Science and Technology, writing to express interest in an attachment opportunity within your organization.

I have a strong interest in cybersecurity and IT operations, with hands-on exposure to network deployment, system support, and security tools such as Kali Linux, Splunk, and a number of Cyber Security tools. I am actively involved in the tech community, regularly practicing on cybersecurity labs and participating in multiple Capture The Flag (CTF) competitions, which has strengthened my practical problem-solving and security analysis skills.

I would appreciate the opportunity to be considered for any available attachment positions starting 5th July, subject to confirmation from the university administration, for a three-month period.

Yours Faithfully,

Mathew Otieno Magundho
