CAREER OBJECTIVE

Motivated Computer Security and Digital Forensics undergraduate seeking an internship in cybersecurity, IT support, networking, or SOC operations. Eager to apply academic knowledge, develop hands-on technical skills, and contribute to secure, reliable IT systems while learning from industry professionals.

EDUCATION

Bachelor of Science in Computer Security and Digital Forensics
Jaramogi Oginga Odinga University of Science and Technology (JOOUST)
2023 – Present

Relevant Coursework: Network Security, Digital Forensics, Data Privacy & Protection, Computer Networks, Operating Systems, Database Systems.

TECHNICAL SKILLS

Cybersecurity & Networking: *Basic Network Security & Cyber Defense, Digital Forensics Fundamentals, Data Recovery Concepts, Log Analysis and Ethical Hacking Basics.*

Programming & Development: Web Development, Database Management and Version Control.

Systems & Tools: *Kali Linux, Windows OS, Virtual Machines (VirtualBox/Vmware), Splunk, Cisco Packet Tracer, Microsoft Office Suite, Computer Graphics Design Tools.*

EXPERIENCE

IT Support Assistant

Assisted lead technician in configuring and deploying local area networks

Supported system setup, device configuration, and connectivity testing

Congressman – School of Informatics and Innovative Systems (SIIS)

Jaramogi Oginga Odinga University of Science and Technology
December 2025 – Present

- Represent students in academic and ICT-related matters

- Participate in policy discussions and student advocacy

- Support technology-driven student initiatives and events

Hands-on Cybersecurity Practice

- Actively practicing cybersecurity labs on TryHackMe - https://tryhackme.com/p/M47h3wR34n

- Exposure to enumeration, basic exploitation concepts, and defensive security

- Participated in competitive cybersecurity problem-solving environments

CERTIFICATIONS & TRAINING

- Cisco Ethical Hacker – Cisco & Cyber Shujaa (Aug 2025)
- Cyber Basics: Hack Me If You Can Bootcamp – DevTown (May 2025)
- Cybersecurity & Emerging Technologies Awareness – ICT Authority, Kenya (May 2025)
- Data Protection – Strathmore University (Mar 2025)
- Software Development – Power Learn Project Academy (Oct 2024)
- Computer Skills – ICC Computer Training Mission (Apr 2023)
- Computer Graphic Design – Royal Hope Computer College (May 2023)
- Leadership Training – Maseno University, Kisumu Campus (Mar 2019)

ACTIVITIES & COMMUNITY ENGAGEMENT

- Member, ISACA Student Group – JOOUST
- Participant, Safaricom CTF Qualifiers
- Participant, Cybergame CTF 2025
- Participant, Dewald Roode CTF 2025
- Member, Enactus JOOUST
- Member, PLP Community – Web & Software Development (Jun–Dec 2024)
- Volunteer, Technology Awareness Initiatives – JOOUST

INTERESTS

- Ethical Hacking
- Digital Forensics
- Cybersecurity Research
- Programming
- Networking
